### SUMMARY

Sustainability-driven leader eager to contribute to the future of farming focused on innovative practices and sustainable solutions.". An undergraduate at the African Leadership University, pursuing a B.A. in Entrepreneurial Leadership. As a Residential Advisor since June 2024, I have developed strong leadership, conflict management, and organizational skills. Previously, I served as President of my high school Debate Club, leading my team to win the East African Debate Competition. With certificates, I am passionate about creating impact through strategic problem-solving and innovation.
