Hiring Manager,
First Class tours,
Kigali-Rwanda

I am excited to apply for the internship opportunity at First Class Tours. I am currently in the third trimester of the Bachelor of Entrepreneurial Leadership (BEL) program, and I am eager to contribute to a role that aligns closely with my academic pursuits and passions. In addition to my studies, I have gained practical experience as a Residential Advisor at Souls B Residence.

In this role, I developed strong organizational, coordination, and communication skills by planning events and supporting students through various challenges. This experience has enhanced my ability to manage responsibilities, address concerns effectively, and collaborate within a diverse community. I am confident that these skills will allow me to make valuable contributions to your team.

If selected for this position, I am excited to further develop my skills while learning from the professionals at First Class Tours. I am committed to supporting the goals of the program and contributing to its continued success.

Thank you for considering my application. I look forward to the opportunity to work together.

Sincerely,
Tesire Claire
